

Polytechnic Institute of Viseu

School of Technology and Management of Viseu

Course title	Wine Tourism		
Scientific area	Tourism		
Teaching method	During the course many different teaching methods will be used: self-study, case studies, lectures, discussions, movies, group assignment, field trips and a workshop “the best wines to the best dishes”.		
Lecturers:		Language of instruction	English
ECTS	6	Semester	Fall
Hours per week	1,5	Hours per semester	TP: 19,5; OT: 13
Objectives of the course	<ul style="list-style-type: none"> - With this curricular unit, students will be provided with a working tool that helps them to develop a Wine Tourism Project; - Allow students to contact “in loco” with the reality of wine tourism product. To achieve this, one field trip will be made (<i>Dão Wine Route</i>); - Identify the supply and demand problem for the wine tourism product and the resulting components that underlie it. Furthermore, students should understand that the supply and demand characteristics vary with the geographical, economic and social development of a region; - Provide students with knowledge in the Enology and Wine in order to identify the main varieties, how to serve wine and combine food with wine. 		
Entry requirements	There aren't any.
